NUS DELEGATE

VOTE FOR ME BECAUSE...

It would be an honour for me to serve as a student representative because I am a result-driven individual who is willing to assume leadership responsibilities by actively representing the views of all Bedfordshire students across the country. I am willing to contribute my quota to fostering a more vibrant campus lifestyle, thus improving the student experience. As a student, I am passionate about seeing real changes and improvements in student lives, and I am confident in being the voice of all students by challenging and critically commenting on policies that affect us all.

SKILLS

COMMUNICATION

Effective communication is an incredibly valuable skill needed for daily human interaction. As a debt advisor, I interview clients face to face and remotely via telephone to gain a deeper understanding of their financial situation. As I take responsibility for how I wish to be understood, I make sure my tone, inflection, and body language reflect that, to ensure my message is not misconstrued. The most effective communication involves both sides, as much as I want to express my opinions and thoughts, I try to practice active listening to understand others' views and emotions before responding.

COMMITMENT TO EQUALITY, DIVERSITY, AND INCLUSION

I am aware of how our decisions, behaviours, and judgements are influenced by unconscious bias. As a debt advisor, I keep track of my clients' financial situation and avoid forming opinions about them based on their debt. The work I do as a debt advisor has heightened my awareness of diversity, equality, and inclusion, since I strive to create a welcoming and inclusive environment for all my clients, regardless of their race, religion, or sexual orientation. During my time as a NUS delegate, I would ensure that every student is equally represented, bringing my experience and knowledge along with me.
